NEW TOWN PLANNER – ROB TESTERMAN

In May 2013, the Town hired our new Town Planner, Rob Testerman. Rob was born and raised in Chesapeake, VA before moving to Blacksburg to attend Virginia Tech, where he studied urban planning in the College of Architecture and Urban Studies. After graduating from Virginia Tech with a B.A. in Public and Urban Affairs, Rob was hired as the Land Use Planner for Accomack County, where he worked the previous 6 years before joining the staff of Cape Charles.

While at Accomack County, Rob worked on a variety of different projects including rezonings and conditional use permits, ordinance revisions, GIS mapping, Comprehensive Plan update research, and erosion and sediment control inspections. In January 2013, Rob became a certified planner with the American Institute of Certified Planners (AICP), which is the American Planning Association's professional institute.

Rob is excited to be working for the Town of Cape Charles and looks forward to using his experience and background to help plan for the future of Cape Charles.

UTILITY CLERK POSITION

In the FY 2012-2013 budget, the Town Council combined the positions of the Utility Clerk and Accounting Clerk into 1 position in an effort to reduce expenses. The station downstairs was closed and customers have had to come to the second floor to make their payments. A bell was placed on the counter on the first floor for anyone not able to physically come upstairs to ring for service. In 2012, it was agreed that if the work load proved to be too heavy for 1 person or if the service to the Town's citizens suffered in any way, the Accounting Clerk position would be reinstated. It was quickly realized that these 2 positions should have remained separate. In the FY 2013-2014 budget, the Town Council approved the hiring of a full-time Accounting Clerk and an advertisement has been placed in the Eastern Shore News and on the Town's website. The advertisement was also sent to the Cape Charles Happenings and the Cape Charles Wave to get as much exposure as possible. The application submittal deadline is July 15, 2013. [Accounting Clerk Advertisement.](#)

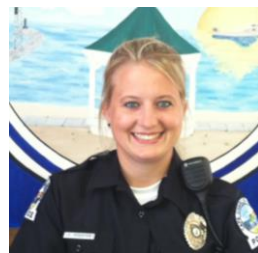

Once this position has been filled, Carmela Williams will become the Utility Clerk and will be moving to the first floor of the Town Hall building to better serve our customers.

NEWS FROM THE CAPE CHARLES POLICE DEPARTMENT

Officer James Pruitt was promoted to the rank of Sergeant effective 7/2/13. His promotion was based on the performance and work ethic shown since being hired in 2010 and his continued attention to detail while performing the required duties assigned to him by command.

Please join us in congratulating Sergeant James Pruitt on a job well done!

Please join us in welcoming our newest police officer, Chelsea Pfeiffer. Chelsea joined the Cape Charles Police Dept. on 6/18/13.

Chelsea has a B.S. in Administration of Justice from George Mason University and worked as a probation officer for Accomac for 2 years and operated the

2A Court Service Unit's satellite office in Eastville.

DOGS ON THE BEACH

With the summer months here, staff has been receiving a lot of inquiries from prospective visitors regarding dogs on the beach. Between April 1st through Labor Day, dogs are permitted on the beach **before** 9:00 AM and **after** 9:00 PM. We ask everyone to abide with this regulation to make the Cape Charles Beach a pleasant place for everyone – residents and visitors. Also, if you do take your dog to the beach during the allotted hours, please be a good neighbor and pick up after your dog. **Please** do not bury your dog's "waste" in the sand for someone else to step on. The Town has received several complaints about dogs on the beach during the daytime hours and several people have mentioned stepping in the waste.

Thank you for your cooperation!

FY 2013-2014 BUDGET HIGHLIGHTS

The Fiscal Year (FY) 2013-2014 Budget was adopted by the Town Council at their June 27, 2013 Special Meeting after months of review. The budget reflects the financial impact of the new wastewater treatment plant and maintaining the same level of services offered to the Town's citizens. The total budget for FY 2013-2014 is \$7,280,586 for all funds, with the General Fund portion being \$2,957,183, which includes \$1,110,000 in Capital projects related to the Cape Charles Multi-Use Trail, Fishing Pier Repairs, Handicap Accessibility for the former library building and construction of a new sidewalk near the 700 block of Randolph Avenue to offer safe passage of the residents of Heritage Acres into Town. The Town will receive \$986,649 in grants or local/state/federal aid to help offset the Capital improvements in the General Fund. Total operating expenses excluding Capital items in the 2013-2014 General Fund amounts to \$1,849,183 which is an increase of \$2,826 over the current FY 2012-2013 budget. Below is a highlight of several items included in this year's General Fund budget:

Legislative budget: 2014 is an election year and the budget includes election expenses and the cost of up to 4 new Council members to attend the Newly Elected Officials Conference which is held after every election to provide information to newly elected officials and a refresher for re-elected officials.

Town website upgrade: We realize the current website is outdated and sometimes difficult to navigate and update. The new website will focus more on transparency and enable citizens to follow the Town's meetings and projects online. Citizens will be able to sign up for automatic notifications regarding updates made to the site. We are hoping to launch the new website over the next 6-8 months.

Former Library building: The handicap accessibility is being added to allow residents with physical difficulties access to the facility which will be used for future Town meetings and other activities. The bathroom facilities also need to be updated for handicap accessibility before the building can be reopened for public use.

Comprehensive Plan update: The Code of Virginia requires that the Comprehensive Plan be reviewed and updated, if necessary, every 5 years. The current version of the Town's Comprehensive Plan was adopted in July 2009 so the Town is required to review the current Plan in 2014. Since the 2009 edition was done in-house by the Planning Commission, Council agreed that professional review was needed for this update.

Contributions to Non-Profits: A number of citizens voiced their opinions regarding tax dollars going towards contributions to outside entities. In previous years, Council provided funding assistance to non-profit organizations in the Town, such as the Cape Charles Volunteer Fire Company, the Cape Charles Historical Society, the Cape Charles Business Association, Eastern Shore of Virginia Festivals, Arts Enter, etc. For FY 2013-2014, the contributions to non-profit organizations was decreased by \$20,250.

Part-Time Library Assistant: With the larger space at the new Library and the increase in the number of activities offered, as well as the computer classes, Council approved the hiring of a second part-time Library Assistant to work 15 hours per week. An advertisement was placed in the Eastern Shore News, on the Town's website, and also sent to the Cape Charles Happenings and the Cape Charles Wave. The application deadline is this Friday, 7/12/13.
