

Cape Charles Gazette

Publication Date: January 8, 2013

We hope that you will enjoy reading the Cape Charles Gazette which is the electronic newsletter published from time to time by the Town Manager on behalf of the municipal government of the Town of Cape Charles. The Gazette provides a variety of information that we believe will be useful to the citizens and businesses of Cape Charles as well as those who plan to travel to Cape Charles or have any interest in our Town or the Town's government. The Gazette provides information on actions being undertaken or being considered by the Town government, upcoming activities in the Town, important public safety and security issues and emergency announcements.

We welcome your responses which may be sent to gazette@capecharles.org, by regular mail to 2 Plum Street, Cape Charles, VA 23310 or by calling (757) 331-3259.

We also encourage you to visit the Town's website at www.capecharles.org where you will find up-to-date information about the operation of the Town government.

LIVE CHRISTMAS TREE DISPOSAL

The Public Works Department will be picking up discarded Christmas trees after the holidays. Please remove all decorations and place the trees on the curb for pick up.

Have a happy, safe and prosperous new year from the Town of Cape Charles!

UPDATE ON FORMER SCHOOL PROPERTY

The sale of the former school property was finalized on December 20, 2012. Pursuant to the Sale and Purchase Contract which was executed on June 28, 2012, the Town had to remove all items stored in the building and any equipment located on the property by the closing date and the entrance to the playground contiguous to the property had to be closed within 14 days of the closing.

Over the last several days, the Town has done the following to comply with the terms of the Sale and Purchase Contract:

- The basketball back board, 2 pads and 3 court rules signs have been removed and stored until they can be reinstalled at the new location for the basketball court. The Town Council will be meeting to discuss the relocation of the basketball court.
- The Cape Kids arch has been moved from the school property to the Central Park side of the playground and the playground rules will be relocated inside the playground.
- The concrete benches have been removed from the property.
- The trash can has been removed.
- The playground entrance from the school parking lot has been fenced and the entrance has been relocated.

CODE ENFORCEMENT

Jeb Brady, Code Official, reported the following:

- 28 Erosion & Sedimentation (E&S) Control inspections, 15 building inspections, 4 courtesy residential inspections were performed in December.
- In December, 6 building permits were issued with fees totaling \$1,583. The total amount in construction for the month was \$84,926.
 - A total of 89 building permits were issued in 2012.
 - The total amount of permit fees collected in 2012 was \$77,867.
 - The total amount in construction for 2012 was \$4,365,354.
- The structural engineering report regarding the condition of the Fishing Pier post Hurricane Sandy has been received and will be used to provide information to FEMA. He is hopeful that FEMA will assist the Town in replacing the old section of the pier.
- The Code Enforcement office can now accept credit card payments either in person or over the phone. This should streamline the permit issuance process for contractors. It should also reduce the number of checks being returned for non-sufficient funds.
- Jeb continues with efforts to get all the short and long term rental properties in the Historic District in compliance.
- Jeb and the Finance Department continue to work together regarding business licenses. All contractors must have a Cape Charles business license prior to issuance of any permits.

TOWN HARBOR—VA CLEAN MARINA

Smitty Dize, Harbor Master, reported the following:

- The winter fuel dock hours through February are 8:00 AM – 3:30 PM Monday - Friday, closed Saturday and Sunday. Customers with fuel cards can access the fuel dock at any time, day or night.
- The Bath House has been winterized and will be closed through February.
- The water and pump out stations will be shut off and winterized through February.
- General maintenance items performed:
 - 8 of the light covers under the benches have been replaced.
 - 1 of the No-Wake buoys had to be repainted.
 - The pump out shed has been scraped and prepared for painting.
 - A number of bumper piles around the Harbor have been painted.
- Scheduled inspections and maintenance:
 - Daily dock inspections.
 - Weekly fuel system inspections.
 - Monthly fire pedestal, lighting and electrical pedestal inspections.
 - Fuel filter changing has been scheduled.
- Capital Projects:
 - The Town is working on projects for the current funding from the Virginia Port Authority.
 - Work continues to finish the parking lot.
- **FYI** – 26,460 lbs. of crabs and 780 lbs. of conch were brought into the Harbor during the month of December.
- Follow the **Cape Charles Town Harbor** on Facebook by [clicking here!](#)
 - In 2012, the Harbor Facebook page was viewed 99,430 times and had 451 new “likes.” People from the following states visited the page: Arkansas, California, DC, Delaware, Florida, Georgia, Idaho, Illinois, Indiana, Kentucky, Massachusetts, Maryland, Maine, Missouri, North Carolina, New Jersey, New York, Ohio, Oregon, Pennsylvania, Rhode Island, South Carolina, Tennessee, Texas, Virginia, Vermont, Washington and West Virginia. The page was also visited by people from the following countries: Canada, Guatemala, Honduras, Mexico, Senegal, Spain and Swaziland!

PLANNING DEPARTMENT

Tom Bonadeo, Town Planner, reported the following:

- The **Historic District Review Board** did not meet in December
- The **Planning Commission** will meet on Wednesday, 1/9, and will be reviewing the following:
 - The Commissioners will continue their work on the density issues and the Floor Area Ratio (FAR) as a measure of density. The FAR language will be drafted into the existing ordinance for the Harbor District – Mason Avenue area for further review in January. FAR is better suited to floor area measurement in the commercial area than using the quantity of dwelling units per acre. Dwelling units controls the quantity of units but not their size. FAR offers control of the quantity of total floor space and its relationship to the total area of the property. The height restrictions, open space requirements, and parking requirements, when added to the FAR control the total square footage of development on any given property.
 - The Commissioners will also continue their work on the sign ordinance.
 - The Commissioners will be reviewing the proposed layout, site plan and design for the Central Park bathroom facility submitted by the Citizens for Central Park.

RECREATION DEPARTMENT

Jen Lewis, Community Events / Recreational Coordinator, reported the following:

- **Committee/Organization Updates:**
 - **ESVAFestivals** met on 12/3. **Lynne Lochen, with the Virginia Tourism Corporation**, presented the board with a draft copy of a Strategic Plan. The Board will evaluate the plan and meet with Ms. Lochen one more time to finalize the plan. The Board is also discussing goals and their mission in order to finalize their application for 501(c)3 designation.
 - Lynne Lochen is also working on a Tourism Strategic Plan from information provided during the recent Tourism Strategic Planning Session. The group will meet again to further discuss the plan.
 - Due to the Christmas holidays, none of the other committees held meetings in December. Normal meeting schedules will resume this month.
- **Programs:**
 - The **Holiday Sampler Tour** sponsored by the **Northampton Chamber of Commerce** was held on 12/7. Jen dressed the part and sold raffle tickets, collected lanyards, bells and flashlights. It was a great evening for all!
 - Mega Bingo was held at **Heritage Acres** on 12/18. 30 regular games and 4 blackout games were called.
 - Arts & Crafts was held on 12/19. There were 6 children in attendance and they made foam gingerbread houses.
 - Christmas programs for the kids were held on 12/20 and 12/21. 5 children attended on 12/20 to make ornaments and 6 children attended on 12/21 to make gingerbread houses.

PUBLIC UTILITIES / PUBLIC WORKS (CONTINUED)

- Projects in progress include:
 - Inflow and Infiltration Project and Consent Order from the State Water Control Board:
 - Flow data is being collected in the sewer system looking for sources of inflow and infiltration. The flow meter is currently in the Plum Street basin at the intersection of Jefferson Avenue and Plum Street.
 - Vinyl inserts are being ordered for all manholes and will be placed under the manhole lids to help prevent inflow through the holes and edges of the lids.
 - The final grading of the polishing pond for the old wastewater treatment plant (WWTP) is underway.
 - M C Dean is making good progress with the design of the controls for the water plant. They have delivered Control Panel drawings and hardware specifications. Installation has been scheduled for the first week of February.
 - The water meters in Heritage Acres are being replaced.
 - Dave is obtaining pricing for equipment for the options to help alleviate the sewage odor issues around Town.
 - A new mulch formula, a blend of pine chunks and peat moss, will be installed at the vacuum pump stations this fall.
 - An automatic flush valve will be installed in Heron Point to introduce water into that vacuum sewer system to increase the flow through the pump station in an effort to reduce the septic odors created when sewage water resides in the system for extended periods of time.
- Completed projects include:
 - The Town is still awaiting a response from the DEQ for the aquifer test plan for the Keck Wells.
 - The Preliminary Engineering Report (PER) for the Keck Well to the Water Plant pipe line has been submitted to the Virginia Department of Health (VDH) and the Town is still awaiting a response.
 - A stainless steel lid has been installed on the influent tank at the new wastewater treatment plant in an effort to reduce odors in that area.
 - The final section of the 10" water plant backwash at the old wastewater treatment plant UV Vault has been installed.
 - Chapman Electric repaired lights in the water plant, installed a pedestal at East Well III site and completed work on the pedestal at the Backwash Vault.

Information from the Virginia Aquarium Stranding Response Program

The Virginia Aquarium Stranding Response Team has been getting a very high number of sea turtle strandings in Northampton County, especially on the bay side. Even if the turtles appear to be dead, they may just be in a coma so it is best to contact the stranding team as soon as possible. The stranding team is on call 24/7 and can be reached by calling 757-385-7575. The stranding team has requested assistance in walking the area beaches to look for stranded sea turtles. If you see a live sea turtle, please do not attempt to move it or warm it up. Please contact the stranding team immediately.
