make available for public inspection a Conditional Zoning Index showing all property which is operating under a conditional use permit. The Index shall provide ready access to the ordinance creating conditions in addition to the regulations provided for in a particular zoning district or zone. (Section 15.2-2300)

Section 2.3.2 Zoning Map and Amendments to the Zoning Map

- A. The locations and boundaries of the districts established by this chapter shall be as shown on the map entitled "Official Zoning Map, Town of Cape Charles, Virginia, 1997," which is hereby declared to be part of this chapter. A certified copy of this map is on file in the office of the Zoning Administrator, and such map is signed by the Mayor and certified by the Town Clerk. All notations, dimensions, and designations shown thereon shall be as much a part of this chapter as if the same were fully described herein.
- B. The Zoning Administrator shall maintain a copy of the Zoning Map of the Town, making such amendments to such map as they are approved by the Town Council in accordance with the provisions of Section 2.7 of this Chapter.

Section 2.3.3 Determination of District Boundaries

Unless the zoning district boundary lines are fixed by dimensions or otherwise clearly shown or described and where uncertainty exists with respect to the boundaries of any zoning districts as shown on the zoning map, the following rules shall apply:

- A. Where district boundaries are indicated as approximately following or being at right angles to the center lines of streets, highways, alleys, or railroad main tracks, such center line or lines at right angle to such center lines shall be construed to be such boundaries, as the case may be.
- B. Where district boundaries are indicated to follow a river, bay, creek, branch, or other body of water, such boundary shall be construed to follow the center line at low water or at the limit of the jurisdiction; and in the event of change in the shoreline, such boundary shall be construed as moving the actual shoreline.
- C. If no distance, angle, or curvature description or other means is given to determine a boundary line accurately and the foregoing provisions do not apply, the same shall be determined by the Zoning Administrator using the scale shown on the map. In case of subsequent dispute, the matter shall be referred to the Board of Zoning Appeals, which shall determine the boundary.

Section 2.3.4 Zoning of Annexed Areas

Any area annexed by the Town of Cape Charles shall, unless otherwise stated, immediately upon the effective date of such annexation be automatically classified as an R-1 district until a zoning plan for such area has been adopted by the Town Council. The Planning Commission shall prepare and present to the Town Council a zoning plan of the annexed area within six months of the annexation.

Section 2.3.5 Statutory References

References and citations within this ordinance to provisions of the Code of Virginia shall mean the cited Code section as in effect on the date of adoption of this ordinance and as amended from time to time, as well as all replacements, successors, provisions, or recodifications of same made from time to time by the Virginia General Assembly.

Section 2.3.6 Validity

Should any section of this ordinance be decided by the courts to be unconstitutional or invalid, such decision shall not affect the validity of the ordinance as a whole or any other part thereof other than the section so held to be unconstitutional or invalid.

Section 2.3.7 Conflicts Within Ordinance

Where there is conflict between provisions or requirements of this ordinance, the more restrictive provisions or requirements shall apply.

Section 2.3.8 - 50 Reserved

Section 2.4 Administration and Enforcement

Section 2.4.1 Enforcement of Ordinance, Guarantees

- A. In accordance with Section 15.2-2286 of the Code of Virginia, there is hereby created the office of Zoning Administrator. The Zoning Administrator, who may also hold another office in Town, shall be appointed by the Town Council and shall serve under the direction of the Town Manager, who will coordinate department actions and such assistance as may be required to carry out the responsibilities of this ordinance. In the event that the Town Manager is appointed to serve as Zoning Administrator, same shall serve under the direction of the Mayor.
- B. The Zoning Administrator shall be vested with all necessary authority on behalf of the Town Council to administer and enforce the provisions of this ordinance, including:
 1. the ordering in writing of the remedying of any condition found in violation of this ordinance;
 2. the bringing of legal action, after approval by the Town Council, to ensure compliance with the provisions of this ordinance, such action to include injunction, abatement, or other appropriate action or proceedings;
 3. in specific cases, making findings of fact and, with the concurrence of the Town Attorney, conclusions of law regarding determinations of rights accruing under Section 2.5 of this ordinance and Section 15.2-2307 of the Code of Virginia.
- C. Pursuant to Section 15.2-2299 of the Code of Virginia, the Zoning Administrator shall have all necessary authority on behalf of the Town Council to administer and enforce conditions attached to a rezoning or amendment to a zoning map, including:

1. the ordering in writing of the remedy of any noncompliance with the conditions;
 2. the bringing of legal action, after approval by the Town Council, to ensure compliance with the conditions, including injunction, abatement, or other appropriate action or proceeding; and
 3. requiring a guarantee, satisfactory to the Town Council, in an amount sufficient for and conditioned upon the construction of any physical improvements required by the conditions, or a contract for the construction of the improvements and the contractor's guarantee, in like amount and so conditioned, which guarantee shall be reduced or released by the Town Council, or agent thereof, upon the submission of satisfactory evidence that construction of the improvements has been completed in whole or in part. Failure to meet all conditions shall constitute cause to deny the issuance of any of the required use, occupancy, or building permits as may be appropriate.
- D. The Zoning Administrator shall respond within 20 days of a request for a decision or determination on zoning matters within the scope of his or her authority unless the requester has agreed to a longer period.

Section 2.4.2 Permits (revised 2/11/2010 – A.4. added)

A. Building Permits

1. No building or structure shall be erected, constructed, altered, moved, converted, extended, enclosed, or enlarged without the owner first having applied for and obtained a zoning clearance for a building permit from the Town's Zoning Administrator. Such zoning clearance shall be obtained prior to the application for a building permit from the Cape Charles Building Department. Nothing herein is intended to prevent normal maintenance, which does not require a building permit.
2. The Zoning Administrator shall certify whether the proposed use, structure, alteration, or enlargement is or is not in conflict with the provisions of this Chapter. If such proposal is in conflict with the provisions of this ordinance, the Zoning Administrator shall refuse to issue such zoning clearance for a building permit.
3. The fee for a building permit shall be governed by ordinance.
4. Pursuant to the authority contained in §15.2-2286, 15.B. of the Code of Virginia of 1950, as amended, prior to the initiation of an application for a special exception, conditional use permit, variance, rezoning or other land disturbing permit, including building permits and erosion and sediment control permits, all delinquent real estate taxes owed to the Town against the property shall be paid in full.

B. Certificate of Occupancy

1. A Certificate of Occupancy shall be required to authorize any of the following:
 - a. occupancy of a building after construction;

- b. any enlargement, extension, or alteration of a building to change from one use to another;
 - c. any change in the use of a non-conforming building or use.
2. Application for Certificate of Occupancy shall be made with the Cape Charles Code Official and a copy shall be sent to the Cape Charles Zoning Administrator by the Cape Charles Code Official. The Zoning Administrator shall certify whether the use, structure, alteration, enlargement, or other physical change is in conflict with the provisions of this ordinance. If a conflict is determined, the Zoning Administrator shall refuse approval for issuance of such certificate of occupancy.
3. The fee for a Certificate of Occupancy shall be governed by ordinance.

Section 2.4.3 Violation and Penalty

A. Violations

1. It shall constitute a violation of this ordinance for any person, either owner, agent, or occupant, to commence any actions for which a permit is required by this ordinance without having first obtained an approved permit. Any such permit issued upon a false statement of any fact which is material to the issuance thereof shall be void. Whenever the fact of such false statement shall be established, the Zoning Administrator shall forthwith revoke the same permit by notice in writing to be delivered to the holder of the void permit or, if such holder cannot be found, by posting such notice of revocation in some conspicuous place upon the premises where the violation has occurred. Any such person who shall proceed thereafter with such work or use without having obtained the proper approved permit in accordance with this ordinance shall be deemed guilty of a violation of this ordinance.
2. If the Zoning Administrator finds that any of the provisions of this ordinance are being violated, he/she shall notify in writing the person responsible for the violation, indicating the nature of the violation and ordering action necessary to correct the violation. The Zoning Administrator shall take any other action authorized by law to ensure compliance with or to prevent further violation of this ordinance.
3. Any person, firm, or corporation, whether as principal, agent, employee, or otherwise, violating, causing, or permitting the violation of any of the provisions of this ordinance shall be guilty of a Class IV misdemeanor and, upon conviction thereof, shall be subject to a fine of not less than ten dollars (\$10) for each violation and not more than two hundred and fifty dollars (\$250). Each day such violation shall continue shall constitute a separate violation.
4. Any official or public employee authorized of this jurisdiction who is vested with the duty of authority to issue permits shall conform to the provisions of this ordinance. Any such permit, if issued in conflict with the provisions of this ordinance, shall be canceled in writing.

Section 2.5 Non-Conforming Uses

Section 2.5.1 Continuation of Existing Non-Conforming Uses and Permits

- A. Any legal use, building, or structure existing at the time of adoption of this ordinance or any amendment thereto may be continued even though such use, building, or structure may not conform with the provisions of this ordinance for the district in which it is located. Such use, building, or structure shall be deemed a "Non-Conforming Use." A non-conforming use, building, or structure may be continued provided by the following.
1. No such non-conforming use, building, or structure shall be enlarged or increased or extended to occupy a greater area of land than was occupied at the effective date of the adoption of this ordinance, unless said enlargement does not result in an increase in nonconformity or result in a change to a use permitted in the district.
 2. No such non-conforming use, building, or structure shall be moved in whole or in part to any portion of the lot or parcel other than that occupied by such use, building, or structure at the effective date of adoption of this ordinance or amendment of this chapter, unless such move results in decreasing the degree of nonconformity with the requirements of this district.
 3. No additional structures which do not conform to the requirements of this ordinance shall be erected in connection with such non-conforming use of land. No additional uses of a nature which would be prohibited generally in the district involved shall be permitted.
 4. Any non-conforming use may be extended throughout any parts of the building which were manifestly arranged or designed for such use at the time of adoption or amendment of this ordinance.
 5. When any non-conforming use is superseded by a permitted use, the use shall thereafter conform to the regulations for the district, and no non-conforming use shall thereafter be resumed with the exception of existing duplexes specifically designed as such.
 6. If any such non-conforming use or structure ceases for any reason for a period of more than two years, except when government action impedes access to the premises, any subsequent use of such land or structure shall conform to the regulations specified by this chapter for the district in which such land or structure is located with the exception of existing duplexes specifically designed as such.
- B. The rights pertaining to a non-conforming use, building, or structure shall be deemed to pertain to the use or building itself, regardless of the ownership of the land or the building on or in which such non-conformity is conducted or of such non-conforming building or the nature of the tenure of the occupancy thereof.

Section 2.5.2 Restoration of Non-Conforming Use

No building or structure which has been damaged by any cause including neglect to the extent of more than fifty percent of the fair market value of the building immediately

prior to damage shall be restored except in conforming with the regulations of this ordinance, and all rights as a non-conforming use are terminated. If a building or structure is damaged by less than fifty percent of the fair market value, it may be repaired or reconstructed and used as before the time of damage provided that such repairs or reconstruction be substantially completed within 12 months of the date of such damage. If delay of reconstruction is caused by reasons beyond the owner's control, extension may be given to substantially complete reconstruction.

Section 2.5.3 Changes in District Boundaries

Whenever the boundaries of a district are changed, any uses of structures or buildings which become non-conforming as a result of change shall be subject to the provisions of this ordinance.

Section 2.5.4 Change of Use

The use of a non-conforming building or structure may be changed to the same use or a use of a more restrictive classification, but where the use of a non-conforming building or structure is hereafter changed to a use of a more restrictive nature, it shall not thereafter be changed to a use of a less restrictive nature with the exception of existing duplexes specifically designed as such.

Section 2.5.5 Occupancy of Vacant Non-Conforming Buildings or Structures

A vacant non-conforming building or structure may be occupied by a use for which the building or structure was designed or intended if so occupied on or before the adoption of this ordinance; and the use of a non-conforming building or structure which becomes vacant after adoption of this ordinance may also be occupied by a use for which the building or structure was designed or intended provided that it is so occupied within a period of two years after becoming vacant. Existing duplexes, specifically designed as such, are exempt from the four-year vacancy stipulation.

Section 2.5.6-50 Reserved

Section 2.6 Appeals and Variances

Section 2.6.1 Board of Zoning Appeals

In accordance with Sections 15.2-2308 through 15.2-2314 of the Code of Virginia, any municipality which has enacted or enacts a zoning ordinance shall therefore create a Board of Zoning Appeals. The Town of Cape Charles Board of Zoning Appeals will consist of five members who shall be appointed by the circuit court of Northampton County. Members of the board shall hold no other public office in the municipality except one may be a member of the Planning Commission. The term of office shall be for five years each without pay.

- A. Vacancies shall be filled for unexpired terms. The secretary of the board shall notify the court at least thirty days in advance of the expiration of any term of office and shall also notify the court promptly if any vacancy occurs. Appointments to fill vacancies shall only be for the unexpired term. Members may be reappointed to succeed themselves. Members of the board shall hold no

other public office in the county or town except one may be a member of the local planning commission. A member whose term expires shall continue to serve until his/her successor is appointed or qualified. The board may make, alter, and rescind rules and forms for its procedures, consistent with ordinances of the town and general laws of the state. Board members may be removed for cause upon written charges and after a public hearing held at least fifteen days after notice. Removal shall be based on malfeasance, misfeasance, or non-feasance in office or other just cause by the court which appointed them. The board shall keep a full public record of its proceedings and shall submit a report of its activities to the governing body at least once a year.

- B. Within the limits of funds appropriated by the governing body, the board may employ or contract for secretaries, clerks, legal counsel, and other technical clerical services.

The board shall be governed by these provisions and any provisions set forth in Sections 15.2-2308 through 15.2-2314 of the Code of Virginia. The board shall annually choose its own chairman and vice-chairman, who shall serve in the absence of the chairman.

Section 2.6.2 Powers and Duties of the Board of Zoning Appeals

The Board of Zoning Appeals shall have the following powers and duties in accordance with Section 15.2-2309 of the Code of Virginia:

- A. To hear and decide appeals from any order, requirement, decision, or determination made by an administrative office in the administration or enforcement of this ordinance;
- B. To authorize upon appeal, or original application in specific cases, such variance as defined in Section 15.2-2201 of the Code of Virginia from the terms of the ordinance as will not be contrary to the public interest when, owing to special conditions, a literal enforcement of the provisions will result in unnecessary hardship provided that the spirit of the ordinance shall be observed and substantial justice done, as follows.

When a property owner can show that his property was acquired in good faith and where by reason of the exceptional narrowness, shallowness, size, or shape of specific piece of property at the time of the adoption of this ordinance, or where by reason of exceptional topographical conditions or other extraordinary situation or condition of such piece of property, or of the condition, situation, or development of property immediately adjacent thereto, the strict application of the terms of this ordinance would effectively prohibit or unreasonably restrict the utilization of the property or where the board is satisfied, upon the evidence heard by it, that the granting of such variance will alleviate a clearly demonstrated hardship approaching confiscation, as distinguished from a special privilege or convenience sought by the applicant. All variances shall be in harmony with the intended spirit and purpose of the ordinance.

No such variance shall be authorized by the board unless it finds all of the following conditions exist:

1. That the strict application of the ordinance would produce undue hardship.
2. That such hardship is not shared generally by other properties in the same zoning district and the same vicinity.
3. That the authorization of such variance will not be of substantial detriment to adjacent property and that the character of the district will not be changed by the granting of the variance.

No such variance shall be authorized unless the board finds that the conditions or situation of the property concerned is not of so general or recurring a nature as to make reasonably practicable the formulation of a general regulation to be adopted as an amendment to the ordinance.

In authorizing a variance, the board may impose such conditions regarding the location, character, and other features of the proposed structure or use as it may deem necessary in the public interest, and may require a guarantee to ensure that the conditions imposed are being and will continue to be complied with.

- C. To hear and decide appeals from the decision of the Zoning Administrator. No such appeal shall be heard until after such notice and hearing as provided in Section 15.2-2204 of the Code of Virginia.
- D. To hear and decide applications for interpretation of the district map where there is an uncertainty as to the location of a district boundary. After notice to the owners of the property affected by such question, and after public hearing with notice as required, the board may interpret the map in such way as to carry out the intent and purpose of the ordinance for the particular section or district in question. The board shall not have the power to change substantially the locations of district boundaries as established by ordinance.
- E. No provision of this section shall be construed as granting any board the power to rezone property.
- F. To hear and decide applications for special exceptions as may be authorized in the ordinance. The board may impose such conditions relating to the use for which a permit is granted as it may deem necessary in the public interest, including limiting the duration of a permit, and may require a guarantee to ensure that the conditions imposed are being and will continue to be complied with. No special exception may be granted except after notice and hearing, as required.
- G. To revoke a special exception if the board determines that there has not been compliance with the terms and conditions of the permit. No special exception may be revoked except after notice and hearing as required.

Section 2.6.3 Applications for Special Exceptions and Variances

Applications for special exceptions and variances may be made by any property owner, tenant, with owner's approval, government official, department, board, or bureau. Such application shall be made to the Zoning Administrator in accordance with the rules adopted by the board. The application along with accompanying maps, plans or other information shall be transmitted promptly to the secretary of the board to be placed on the agenda and acted upon by the board. No such special exception or variance shall be authorized except after notice and hearing as required. The Zoning Administrator shall also transmit a copy of the application to the local planning commission which may send a recommendation to the board or appear as a party at the hearing. The Board of Zoning Appeals will not consider the same application which has previously been denied within a period of one year.

Section 2.6.4 Appeals and Procedure of Appeals

An appeal to the Board of Zoning Appeals may be taken by any person aggrieved or by an officer, department, board, or bureau of the county or municipality affected by any decision of the Zoning Administrator or Administrative Officer in the administration or enforcement of this ordinance. The decision may be appealed within thirty days thereof by filing a notice of appeal specifying the grounds of the appeal. Said appeal shall be filed with Zoning Administrator and with the Board of Zoning Appeals. The Zoning Administrator shall forthwith transmit to the board all the papers constituting the record upon which the action appealed from was taken.

The board shall fix a reasonable time for the hearing of an application for appeal, give the public notice thereof as well as due notice to the parties in interest, and decide the same within sixty days of the filing of the application for appeal. In exercising its powers, the board may reverse or affirm wholly or in part or may modify an order, requirement, decision, or determination of an administrative officer or decide in favor of the applicant on any matter which it is required to effect any variance from the ordinance. The board shall keep minutes of its proceedings and other official actions which shall be filed in the office of the Zoning Administrator and shall be public record. The chairman of the board, or in his absence the acting chairman, may administer oaths and compel the attendance of witnesses.

In accordance with Section 15.2-2313 where a building permit has been issued and the construction of the building for which such permit was issued is subsequently sought to be prevented, restrained, corrected, or abated as a violation of the zoning ordinance, by suit filed within fifteen days after the start of construction by a person who had no actual notice of the issuance of the permit, the court may hear and determine the issues raised in the litigation even though no appeal was taken from the decision of the administrative officer to the Board of Zoning Appeals.

Section 2.6.5 Certiorari to Review Decision of the Board of Zoning Appeals

Any person or persons jointly or severally aggrieved by any decision of the Board of Zoning Appeals or any taxpayer or any officer, department, board, or bureau of the municipality may present to the circuit court of the county a petition specifying the

grounds on which aggrieved within thirty days after the filing of the decision in the office of the board.

Upon presentation of such petition the court shall allow a writ of certiorari to review the decision of the Board of Zoning Appeals and shall prescribe therein the time within which a return thereto must be made and served upon the realtor's attorney, which shall not be less than ten days and may be extended by the court. The allowance of the writ shall not stay proceedings upon the decision appealed from, but the court may on application, on notice to the board, and on due cause shown, grant a restraining order.

The board shall not be required to return the original papers acted upon by it but it shall be sufficient to return certified or sworn copies thereof or of such portions thereof as may be called for by such writ. The return shall concisely set forth such other facts as may be pertinent and the material to show the grounds of the decision appealed from and verification.

If, upon hearing, it shall appear to the court that testimony is necessary for the proper disposition of the matter, it may take evidence or appoint a commissioner to take such evidence as it may direct and report the same to the court with findings of fact and conclusions of law, which shall constitute a part of the proceedings upon which the determination of the court shall be made. The court may reverse or affirm, wholly or in part, or may modify the decision brought up for review.

Costs shall not be allowed against the board, unless it shall appear to the court that it acted in bad faith or with malice in making the decision appealed from. In the event that a decision of the board is affirmed and the court finds that the appeal was frivolous, the court may order the person or persons who requested the issuance of the writ of certiorari to pay the costs incurred in making a return of the record pursuant to the writ.

Section 2.6.6 Fee for Appeals and Applications for Variance

Every appeal to the Board of Zoning Appeals from a determination of the Zoning Administrator and every application for a variance shall be accompanied by a fee governed by ordinance set forth by the Town Council of the Town of Cape Charles.

Section 2.6.7 Expiration of Variances

If any variance granted by the Board of Zoning Appeals is not acted on in accordance with the conditions and stipulations required by the Board, then the variance shall be null and void and of no force and effect.

Section 2.6.8 Tax Payments Required

Pursuant to Section 15.2-2286.B of the Code of Virginia, prior to the initiation of an application for a special exception, special use permit, variance, rezoning, zoning clearance, building permit, or other land use permit, the applicant for same must produce satisfactory evidence that any and all delinquent real estate taxes owed to the Town of Cape Charles which have been properly assessed against the subject property have been paid in full.

Section 2.6.9 Reserved

Section 2.7 Amendments of Chapter and Zoning Map; Conditional Zoning

Section 2.7.1 Amendments Permitted; How Initiated

In accordance with Virginia Code Section 15.2-2286.A.7, whenever public necessity, convenience, general welfare or good zoning practice require, the Town Council may amend, supplement, or change the regulations, district boundaries or classifications of property contained in this Chapter. Any such amendment may be initiated by (a) resolution of the Town Council, (b) motion of the Town's Planning Commission, or (c) the petition of the owner, contract purchaser with the owner's written consent, or the owner's agent therefore, of the property which is the subject of the proposed zoning map amendment, addressed to the Town Council or the Town's Planning Commission, which shall forward such petition to the Town Council.

Section 2.7.2 Procedures for Amending Chapter or Zoning Map

- A. All proposed amendments or reenactments of this Chapter, and all proposed amendments to the zoning map, shall be referred by the Town Council to the Town's Planning Commission for its recommendations. Failure of the Planning Commission to report within 100 days after the first meeting of the Planning Commission after the proposed amendment or reenactment has been referred to it shall be deemed approval of the proposal by the Planning Commission, unless the proposal has been withdrawn by the applicant prior to the expiration of said time period. In the event of such withdrawal, processing of the proposal shall cease without further action.
- B. Prior to issuing its recommendations, the Planning Commission shall hold at least one public hearing after notice of same has been published once a week for two successive weeks in some newspaper having general circulation in the Town. Such public hearing shall be held not less than six nor more than 21 days after the second advertisement appears. Such additional and further notice shall be given as required by Virginia Code Section 15.2-2204. The Planning Commission may make appropriate changes in the proposed amendments as a result of the public hearing. Upon the completion of its work, the Planning Commission shall present the proposed amendments, including revised district maps, to the Town Council together with its recommendations and appropriate explanatory materials.
- C. Prior to approving and adopting any amendment to this Chapter or the zoning map, the Town Council shall hold at least one public hearing after giving such public notice as may be required by Virginia Code Section 15.2-2204, after which the Council may make appropriate changes or corrections in the proposed amendment. In the case of a proposed amendment to the zoning map, the public notice shall state the general usage and density range of the proposed amendment and the general usage and density range, if any, set forth in the applicable part of the Town's then effective comprehensive plan. No land may be zoned to a more intensive use classification than was contained in the public notice without an additional public hearing after such notice as is required by Virginia Code Section 15.2-2204. Following the required public hearing(s), the

Town Council shall act on the proposed amendment in the same manner as adopting any other ordinance.

Section 2.7.3 Appeals

Every action contesting a decision of the Town Council adopting or failing to adopt a proposed amendment to this Chapter or the zoning map shall be filed within thirty days of the Town Council's decision with the Circuit Court of Northampton County.

Section 2.7.4 Conditional Zoning - Statement of Intent

In accordance with Virginia Code Sections 15.2-2296 et seq., it is the general policy of the Town of Cape Charles to provide for the orderly development of land, for all purposes, through zoning and other land development legislation. Frequently, where competing and incompatible uses conflict, traditional zoning methods and procedures are inadequate. In these cases, more flexible and adaptable zoning methods are needed to permit differing land uses and at the same time recognize effects of change. It is the purpose of Sections 2.7.4 through 2.7.10 to provide a more flexible and adaptable zoning method to cope with situations found in such zones through conditional zoning. Conditional zoning allows a zoning reclassification subject to certain conditions proffered by the zoning applicant for the protection of the community that are not generally applicable to land similarly zoned. The provisions of Sections 2.7.4 through 2.7.10 shall not be used for the purpose of discrimination in housing.

Section 2.7.5 Conditional Zoning - Conditions as Part of a Rezoning or Amendment to the Zoning Map

As part of a rezoning or amendment to the zoning map, the owner of the parcel for which the rezoning or amendment is sought may voluntarily proffer, in writing made prior to the Town Council's public hearing on same, reasonable conditions in connection with the proposed rezoning or amendment. Applications for conditional zoning shall be handled in the same manner and following the same procedures as provided in Section 2.7.2 with respect to amendments generally. Once proffered and accepted as part of an amendment to this Chapter or the zoning map, such conditions shall continue in effect until a subsequent amendment changes the zoning of the property covered by such conditions. However, such conditions shall continue if the subsequent amendment is part of a comprehensive implementation of a new or substantially revised zoning ordinance.

Section 2.7.6 Conditional Zoning - Enforcement and Guarantees

The Zoning Administrator is hereby vested with all necessary authority on behalf of the Town Council to administer and enforce conditions attached to a rezoning or amendment to the zoning map, including (a) the ordering in writing of the remedy of any noncompliance with the proffered and accepted conditions; (b) the bringing of legal action to ensure compliance with the conditions, including injunction, abatement, or other appropriate action or proceeding; and (c) requiring a guarantee satisfactory to the Town Council, in an amount sufficient for and conditioned upon the construction of any physical improvements required by the conditions, or a contract for the construction of the improvements and the contractor's guarantee, in like amount and so conditioned, which guarantee shall be reduced or released by the Town upon the submission of

satisfactory evidence that construction of the improvements has been completed in whole or in part. Failure to meet all conditions shall constitute cause to deny the issuance of any of the required use, occupancy, or building permits, as may be appropriate.

Section 2.7.7 Conditional Zoning - Records

The zoning map shall show by an appropriate symbol on the map the existence of conditions attaching to the zoning on the map. The Zoning Administrator shall keep in his or her office and shall make available for public inspection a Conditional Zoning Index. The Index shall provide ready access to the ordinance creating the conditions in addition to the regulations provided for in a particular zoning district or zone.

Section 2.7.8 Conditional Zoning - Petition for Review of Decision

Any zoning applicant or other person who is aggrieved by a decision of the Zoning Administrator made pursuant to the provisions of Section 2.7.6 may petition the Town Council for review of the decision of the Zoning Administrator. All petitions for such review shall be filed with the Zoning Administrator and the Town Clerk within thirty days from the date of the decision for which review is sought and shall specify the ground upon which the petitioner is aggrieved.

Section 2.7.9 Conditional Zoning - Amendments and Variations of Conditions

There shall be no amendment or variation of conditions created pursuant to the provisions of Section 2.7.5 until after the Town Council holds a public hearing which hearing is advertised as required by Virginia Code Section 15.2-2204.

Section 2.7.10 Limitation on Reconsideration of Request for Amendment

No application for an amendment to this Chapter or the zoning map, including an application for conditional zoning, shall be considered by the Town Council within one year from the Council's last consideration of same.
